# Narrative Review Checklist

| Section/Topic | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|---------------|---------|----------------------------------------------------------------------|------------------------------------|-----------------------------|
| **TITLE**    |         |                                                                       |                                    |                             |
| Title         | 1       | Identify the report as a Narrative Review of …                       | yes-page 1, line 1                | Section 1, para 1           |
| **ABSTRACT** |         |                                                                       |                                    |                             |
| Unstructured summary | 2 | Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development. | yes-page 2, line 37 | section 2, para 1 |
| **INTRODUCTION** |         |                                                                      |                                    |                             |
| Rationale/background | 3 | Describe the rationale for the review in the context of what is already known. | yes-page 4, line 64 | section 3, para 1 |
| Objectives    | 4       | Specify the key question(s) identified for the review topic.         | yes-page 4, line 77                | section 3, para 3           |
| **METHODS**  |         |                                                                      |                                    |                             |
| Research selection | 5 | Specify the process for identifying the literature search (e.g., years considered, language, publication status, study design, and databases of coverage). | n/a for this review. Not a systematic review. | n/a |
| **DISCUSSION/SUMMARY** |         |                                                                      |                                    |                             |
| Narrative     | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | unstructured- n/a | n/a |
| Summary       | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | unstructured- n/a | n/a |
