In this supplemental file, we would attach the original, uncropped gel/blot images appearing in the manuscript. Details are as follows:

**Full unedited gel/blot for Figures**

**Figure 1**

| Protein | Molecular Weight |
|---------|------------------|
| Epac1   | 99kDa            |
| GAPDH   | 37kDa            |
| Epac2   | 126kDa           |
| GAPDH   | 37kDa            |

**Figure 3**

| Protein | Molecular Weight |
|---------|------------------|
| CRF     | 25kDa            |
| GAPDH   | 37kDa            |
| CRF     | 25kDa            |
