Section A: General Information

1. Relationship of primary respondent to deceased
   - 1=Mother
   - 2=Father
   - 3=Grandmother
   - 4=Grandfather
   - 5=Aunt
   - 6=Other family member
   - 7=TBA/ANM
   - 8=Other __________
   - 9=Don’t Know

2. Was primary respondent present during the fatal illness or death?
   - 0=No to either
   - 1=Yes to illness only
   - 2=Yes to death only
   - 3=Yes to both
   - 9=Don’t know

3. Age of primary respondent
   - 15-97 = Age in years
   - 98=98 or more
   - 99=Don’t Know

4. Primary respondent years of schooling
   - 00=None
   - 01-20 = Years of schooling
   - 99=Don’t Know
### Section B: Vital Information

| 5. | Date of Birth  
(record dd / mm / yy) |  
| 6. | Date of Death  
(record dd / mm / yy) |  
| 7. | Time of Death  
(record hh:mm) | 1= 12:00 AM – 11:59 NOON  
2= 12:00 PM – 11:59 MIDNIGHT  
| 8. | Where did the child die? | 1=Home/maiti/family member’s house  
2=Hospital (Go to Q8a)  
3=Other health facility (Go to Q8a)  
4=in transit to facility  
5=Other _______________  
| 8a. | At what facility did he/she die? |  
| 9. | Is the mother still alive? | 0=No (Go to Q9a)  
1=Yes (Go to Q10)  
9=Don’t Know  
| 9a. | Did the mother die during or after delivery? | 1=During delivery (Go to Q10)  
2=After delivery (Go to Q9b)  
9=Don’t Know (Go to Q10)  
| 9b. | How long after the delivery did she die? | 00-90 days  
91=more than 90 days  
99=Don’t know  
| 10. | At birth, what was the size of the baby? | 1=Very small  
2=Smaller than usual  
3=About average  
4=Larger than average  
9=Don’t Know  

### Section C: Neonatal Module

| 11. | Did the child have an accident or injury just before death? | 0=No (Go to Q12)  
1=Yes (Go to Q11a)  
9=Don’t Know  
| 11a. | What kind of injury or accident? | 1=Fall or blow  
2=Burn  
3=Severe cut  
4=Snake bite  
5=Animal bite  
6=Road accident  
7=Other _______________  
9=Don’t Know  

| Question                                                                 | Options                                                                 | Selections |
|-------------------------------------------------------------------------|-------------------------------------------------------------------------|------------|
| 11b. How many days after the accident did the child die?                | 00=Same day 01-28 = Number of days 99=Don't Know                       |            |
| 12. Did the baby stop being able to cry?                                | 0=No 1=Yes (Go to 12a) 9=Don’t Know                                     |            |
| 12a. How long before the baby died did the baby stop crying?            | 1=Less than 1 day 2=One day or more 9=Don’t know                        |            |
| 13. Was the baby able to suckle in a normal way during the first day of life? | 0=No (Go to Q13a) 1=Yes (Go to Q13b) 9=Don’t Know (Go to Q13a)          |            |
| 13a. Did the baby ever suckle in a normal way?                          | 0=No (Go to Q14) 1=Yes (Go to Q13b) 9=Don’t Know (Go to Q14)            |            |
| 13b. Did the baby stop being able to suckle in a normal way?            | 0=No (Go to Q14) 1=Yes (Go to Q13c) 9=Don’t Know (Go to Q14)            |            |
| 13c. How long after birth the baby stop suckling?                       | 00=Less than 1 day 01-28 days 99=Don’t Know                             |            |
| 13d. Was the baby able to open his/her mouth at the time he/she stopped sucking? | 0=No 1=Yes 9=Don’t Know                                                |            |
| 14. During the illness that led to death did the baby have difficulty breathing? | 0=No (Go to Q15) 1=Yes (Go to Q14a-b) 9=Don’t Know (Go to Q15)          |            |
| 14a. At what age did the difficult breathing start                      | 00=Less than 1 day 01-28 days 99=Don’t Know                             |            |
| 14b. For how many days did the difficult breathing last?                | 00=Less than 1 day 01-28 days 99=Don’t Know                             |            |
| 15. During the illness that led to death did the baby have fast breathing? | 0=No (Go to Q16) 1=Yes (Go to Q15a-b) 9=Don’t Know (Go to Q16)          |            |
| 15a. At what age did the fast breathing start                           | 00=Less than 1 day 01-28 days 99=Don’t Know                             |            |
| Question                                                                 | Options                          | Response |
|-------------------------------------------------------------------------|----------------------------------|----------|
| 15b. For how many days did the fast breathing last?                      | 00=Less than 1 day 01-28 days 99=Don’t Know |          |
| 16. During the illness that led to death did the baby have indrawing of the chest? | 0=No 1=Yes 9=Don’t Know          |          |
| 17. During the illness that led to death, did the baby have grunting?    | 0=No 1=Yes 9=Don’t Know          |          |
| 18. During the illness that led to death, did the baby have spasms or convulsions? | 0=No 1=Yes 9=Don’t Know          |          |
| 19. During the illness that led to death, did the baby have any stiffening of the body or arcing of the back? | 0=No 1=Yes 9=Don’t Know          |          |
| 20. During the illness that led to death, did the baby have fever?       | 0=No 1=Yes (Go to Q20a-b) 9=Don’t Know |          |
| 20a. At what age did the fever start?                                    | 00=Less than 1 day 01-28 days 99=Don’t Know |          |
| 20b. For how many days did the fever last?                               | 00=Less than 1 day 01-28 days 99=Don’t Know |          |
| 21. During the illness that led to death, did the baby become cold to touch? | 0=No (Go to Q22) 1=Yes (Go to Q21a) 9=Don’t Know (Go to Q22) |          |
| 21a. At what age did the baby start feeling cold to touch?               | 00=Less than 1 day 01-28 days 99=Don’t Know |          |
| 22. During the illness that led to death, did the baby become lethargic after a period of normal activity? | 0=No 1=Yes 9=Don’t Know |          |
| 23. During the illness that led to death, did the baby become unresponsive or unconscious? | 0=No 1=Yes 9=Don’t Know |          |
| 24. During the illness that led to death, did the baby have a bulging fontanelle? | 0=No 1=Yes 9=Don’t Know |          |
| Question                                                                 | Response Options                          | Answer |
|-------------------------------------------------------------------------|-------------------------------------------|--------|
| 25. During the illness that led to death did the baby have pus drainage from the umbilical cord stump? | 0=No  
1=Yes  
9=Don’t Know |        |
| 26. During the illness that led to death, did the baby have redness of the umbilical cord stump? | 0=No (Go to Q27)  
1=Yes (Go to Q26a)  
9=Don’t Know (Go to Q27) |        |
| 26a. Did the redness of the cord stump extend onto the abdominal skin?   | 0=No  
1=Yes  
9=Don’t Know |        |
| 27. During the illness that led to death, did the baby have skin bumps containing pus or a single large area of pus? | 0=No  
1=Yes  
9=Don’t Know |        |
| 28. During the illness that led to death, did the baby have ulcers (pits)? | 0=No  
1=Yes  
9=Don’t Know |        |
| 29. During the illness that led to death, did the baby have an area of the skin with redness and swelling | 0=No  
1=Yes  
9=Don’t Know |        |
| 30. During the illness that led to death, did the baby have an area of skin that turned black? | 0=No  
1=Yes  
9=Don’t Know |        |
| 31. During the illness that led to death, did the baby bleed from anywhere? | 0=No (Go to Q32)  
1=Yes (Go to Q31a)  
9=Don’t Know (Go to Q32) |        |
| 31a. From where did the baby bleed? | ___________________________________________  
_________________________________________ |        |
| 32. During the illness that led to death, did the baby have more frequent loose or liquid stools than usual? | 0=No (Go to Q33)  
1=Yes (Go to Q32a)  
9=Don’t Know (Go to Q33) |        |
| 32a. How many stools did the baby have on the day that diarrhea/loose stools were most frequent? | 01-98 = Number of stools  
99=Don’t Know |        |
| 33. During the illness that led to death, did the baby vomit everything each time after feeding? | 0=No  
1=Yes  
9=Don’t Know |        |
| 34. During the illness that led to death, did the baby have yellow skin? | 0=No  
1=Yes  
9=Don’t Know |        |
### Section D: Narratives

1. Please tell me in your own words how this baby died

   _____________________________________________________________________
