Description of Additional Supplementary Files

File Name: Supplementary Data 1
Description: Initial configuration for the REVERBα/STL1267/NCoR ID1 molecular simulations

File Name: Supplementary Data 2
Description: Final configuration for the REVERBα/STL1267/NCoR ID1 molecular simulations

File Name: Supplementary Movie 1
Description: Movie depicting the molecular dynamic simulation REVERBα/STL1267/NCoR ID1 complex showing increased flexibility of the β sheet regions of the amino terminus of NCoR ID1 and the carboxy-terminus of REV-ERBα.
