Mitochondrial Ca$^{2+}$ uptake 1 (MICU1) and mitochondrial Ca$^{2+}$ uniporter (MCU) contribute to metabolism-secretion coupling in clonal pancreatic $\beta$-cells.

Muhammad Rizwan Alam, Lukas N. Groschner, Warisara Parichatikanond, Liang Kuo, Alexander I. Bondarenko, Rene Rost, Markus Waldeck-Weiermair, Roland Malli, and Wolfgang F. Graier

Under the heading “Transfection with siRNAs and Plasmids,” under “Experimental Procedures” (third paragraph), the correct sequences of siRNAs should be as follows: rat MICU1 siRNA-1, GUAAUGGAGUAUGAAUA; and rat MICU1 siRNA-2, CGAACUGUGAAACUGAA.
