### Narrative Review Checklist

| Section/Topic     | Item No | Item                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|-------------------|---------|-----------------------------------------------------------------------|-------------------------------------|-----------------------------|
| **TITLE**         |         |                                                                       |                                     |                             |
| Title             | 1       | Identify the report as a Narrative Review of …                        | 1 / 1                               | title                       |
| **ABSTRACT**      |         |                                                                       |                                     |                             |
| Unstructured summary | 2      | Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development. | 2 / 1                               | abstract / 1, 2, 4          |
| **INTRODUCTION**  |         |                                                                       |                                     |                             |
| Rationale/background | 3     | Describe the rationale for the review in the context of what is already known. | 5                                   | introduction / before the   |
| Objectives        | 4       | Specify the key question(s) identified for the review topic.          | 5                                   | pre-op evaluation / 1       |
| **METHODS**       |         |                                                                       |                                     |                             |
| Research selection | 5      | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage). | 5                                   | introduction / last         |
| **DISCUSSION/SUMMARY** |   |                                                                       |                                     |                             |
| Narrative         | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research. | 15, 16                              | conclusions / last paragraph|
| Summary           | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | 15, 16                              | conclusions / last paragraph|
