### Additional Table 1. Diagnosis categories based on ICD-10 primary diagnosis codes

| Diagnosis       | ICD-10 code                  | Description                                      |
|-----------------|------------------------------|--------------------------------------------------|
| Medical         | A00-B99                      | Diseases generally recognized as communicable or transmissible |
|                 | C00-D48                      | Neoplasms                                        |
|                 | D50-D89                      | Diseases of the blood and blood forming organs    |
|                 | E00-E90                      | Endocrine, nutritional and metabolic diseases     |
|                 | H00-H59                      | Disorders of the eye and adnexa                   |
|                 | H60-H90                      | Diseases of the ear and mastoid process           |
|                 | K00-K93                      | Diseases of the digestive system                  |
|                 | L00-L99                      | Diseases of the skin and subcutaneous tissue      |
|                 | M00-M99                      | Diseases of the musculoskeletal system and connective tissue |
|                 | N00-N99                      | Diseases of the genitourinary system              |
|                 | O00-O99                      | Pregnancy, childbirth and puerperium              |
|                 | P00-P96                      | Certain conditions originating in the perinatal period |
|                 | Q00-Q99                      | Congenital malformations, deformations and chromosomal abnormalities |
|                 | R00-R99                      | Symptoms, signs and abnormal clinical and laboratory findings |
|                 | Z00-Z13                      | Factors influencing health status and contact with health services |
| Neurological    | I60-I69                      | Stroke                                           |
|                 | S02.0-S02.9; S06-S06.9        | Traumatic Head Injury                            |
|                 | G00-G99                      | Disorders of the nervous system (not otherwise specified) |
|                 | D35.2                        | Benign tumor of pituitary gland                   |
|                 | D33.3                        | Benign neoplasm of brain                         |
|                 | D18.02                       | Haemangioma, intercranial                         |
| CVD/Resp        | I00-I59                      | Diseases of the circulatory system                |
|                 | I65-I99                      | Diseases of the respiratory system                |
|                 | E84.0                        | Cystic fibrosis                                   |
| Injury          | S00-S01.9; S03.0-S05.9; S07-S09.9 | Injury, poisoning and other consequences of external causes |
| Rehabilitation  | Z50.9                        | Care involving rehabilitation                     |
| Mental Health   | F00-F99                      | Mental and behavioural disorders                  |

CVD – cardiovascular disease; Resp – respiratory disease
