# Narrative Review Checklist

| Section/Topic     | Item No | Item                                                                                                                                                                                                 | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|-------------------|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|-----------------------------|
| **TITLE**         |         |                                                                                                                                                                                                       |                                     |                             |
| Title             | 1       | Identify the report as a Narrative Review of …                                                                                                                                                        | page1/2-3                           |                             |
| **ABSTRACT**      |         |                                                                                                                                                                                                       |                                     |                             |
| Unstructured summary | 2       | Provide an unstructured summary including, as applicable: background, objective, brief summary of narrative review and implications for future research, and clinical practice or policy development. | page 1/14-20                       | Abstract                    |
| **INTRODUCTION**  |         |                                                                                                                                                                                                       |                                     |                             |
| Rationale/background | 3       | Describe the rationale for the review in the context of what is already known.                                                                                                                        | page 1/22-27; page 2/1-27          | Introduction                |
| Objectives        | 4       | Specify the key question(s) identified for the review topic.                                                                                                                                           | page 1/19-20                       | Abstract                    |
| **METHODS**       |         |                                                                                                                                                                                                       |                                     |                             |
| Research selection | 5       | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage).                                                   | pages 3-10                          | Biology, Molecular imaging, Treatment options |
| **DISCUSSION/SUMMARY** |         |                                                                                                                                                                                                       |                                     |                             |
| Narrative         | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research.                                              | pages 10-12                         | Concluding remarks          |
| Summary           | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice and/or the Nutrition Care Process for registered dietitian nutritionists, clinical practice for other health professionals, policy development and implementation, or future research. | pages 10-12                         | Concluding remarks          |
