**E. coli translational fusions**

A

| Fusion          | Uninduced | Induced |
|-----------------|-----------|---------|
| CtrR3           | +         | +       |
| CtrR3           | +         | +       |
| CtrR3           | +         | +       |

B

![Bar graph showing GFP expression levels](image)

C

| Fusion          | Uninduced | Induced |
|-----------------|-----------|---------|
| CtrR3           | +         | +       |
| CtrR3           | +         | +       |
| CtrR3           | +         | +       |

---
