

FAST (National University of Computer and Emerging Sciences)

FAST is renowned for its strong emphasis on computer science and engineering disciplines. It offers a variety of programs tailored to meet the needs of modern industries.

FAST University Programs Offered and Fee Structure

At the undergraduate level, FAST provides degrees in BS Computer Science, BS Electrical Engineering, BS Software Engineering, BS Business Analytics, BS Cyber Security, and BBA, with each program costing approximately PKR 160,000 per semester. Graduate programs include MS in Computer Science, Data Science, Electrical Engineering, and Software Engineering, as well as an MBA program, with fees around PKR 100,000 per semester for MS programs and PKR 120,000 per semester for the MBA. The PhD programs in Computer Science and Electrical Engineering have a fee of about PKR 90,000 per semester.

ITU (Information Technology University)

ITU focuses on technology and innovation, offering programs designed to produce skilled professionals in various technological and management fields.

ITU University Programs Offered and Fee Structure

Undergraduate offerings include BS in Computer Science, BS Electrical Engineering, BS Management and Technology, and BS Economics with Data Science, each costing around PKR 125,000 per semester. The university also offers MS programs in Computer Science and Data Science at a fee of approximately PKR 100,000 per semester. PhD programs in Computer Science and Electrical Engineering are available, with fees around PKR 90,000 per semester.

The University of Lahore (UOL)

The University of Lahore provides a broad range of programs across various disciplines, catering to diverse educational needs.

UOL University Programs Offered and Fee Structure

Undergraduate programs include BS in Computer Science, Electrical Engineering, Software Engineering, Business Administration, Accounting and Finance, Psychology, Biotechnology, Mathematics, Media and Communication, International Relations, Economics, Civil Engineering, Mechanical Engineering, and Information Technology. Fees for these programs typically range from PKR 90,000 to PKR 150,000 per semester. Graduate programs encompass MS/MPhil in Computer Science, Electrical Engineering, and Software Engineering, with fees generally between PKR 70,000 and PKR 120,000 per semester. The MBA program is priced around PKR 100,000 per semester, while PhD programs in various fields such as Computer Science, Electrical Engineering, Biotechnology, Business Administration, and Psychology cost approximately PKR 90,000 per semester.

COMSATS (COMSATS Institute of Information Technology)

COMSATS offers a wide array of programs aimed at producing competent professionals in science and technology fields.

COMSATS University Programs Offered and Fee Structure

Undergraduate programs include BS in Computer Science, Software Engineering, Electrical Engineering, Business Administration, Information Technology, Mechanical Engineering, Civil Engineering, Biotechnology, Physics, Mathematics, Environmental Sciences, Chemical Engineering, Architecture, and Media and Communication Studies, with fees around PKR 110,000 per semester. Graduate offerings include MS in Computer Science, Electrical Engineering, Software Engineering, Management Sciences, Information Security, Environmental Sciences, Biotechnology, Mathematics, and Physics, with fees ranging from PKR 80,000 to PKR 120,000 per semester. PhD programs are available in disciplines such as Computer Science, Electrical Engineering, Mathematics, and Physics, costing approximately PKR 90,000 per semester.

Punjab University

Punjab University is one of the oldest and most prestigious institutions in Pakistan, offering a comprehensive range of programs across numerous disciplines.

Punjab University Programs Offered and Fee Structure

Undergraduate programs include BA/BSc in disciplines such as History, Political Science, Sociology, Psychology, Economics, English, Urdu, Islamic Studies, Physics, Chemistry, Mathematics, Biology, Environmental Science, as well as professional degrees like BBA, BS in Computer Science, Information Technology, Software Engineering, Electrical Engineering, Civil Engineering, Mechanical Engineering, Chemical Engineering, Industrial Engineering, Environmental Engineering, Architecture, Fine Arts, Media and Communication Studies, and Biotechnology. Fees for these programs generally range from PKR 25,000 to PKR 50,000 per semester. Graduate offerings include MA/MSc and MPhil programs in various disciplines within Arts, Humanities, Social Sciences, and Natural Sciences, with fees generally between PKR 20,000 and PKR 40,000 per semester. The MBA program costs about PKR 35,000 per semester, while PhD programs in a wide range of disciplines are available for approximately PKR 40,000 per semester.

University of Sargodha

The University of Sargodha is a prominent public sector university located in Sargodha, Pakistan. Known for its diverse academic offerings, the university provides undergraduate, postgraduate, and doctoral programs across various disciplines, including arts, sciences, agriculture, and business administration. It is committed to delivering quality education and fostering research and innovation.

University of Sargodha Programs Offered and Fee Structure

The University of Sargodha offers a comprehensive range of undergraduate, postgraduate, and doctoral programs across various faculties. In the Faculty of Arts and Humanities, programs like BS English, BS Urdu, and BS Islamic Studies are popular, with fees ranging from PKR 20,000 to

40,000 per semester. The Faculty of Social Sciences includes BS Psychology, BS Sociology, and BS Political Science, typically costing between PKR 25,000 and 35,000 per semester. Science disciplines such as BS Botany, BS Zoology, BS Physics, and BS Chemistry have fees ranging from PKR 30,000 to 40,000 per semester. The Faculty of Agriculture offers BS Agriculture, BS Food Science and Technology, and BS Horticulture, with fees generally between PKR 35,000 and 45,000 per semester. Business and economics students can pursue BBA, BS Economics, and BS Commerce, with fees around PKR 30,000 to 45,000 per semester. The Faculty of Computing and IT offers BS Computer Science and BS Software Engineering, with fees between PKR 40,000 and 50,000 per semester. Engineering programs like BS Electrical and BS Mechanical Engineering have fees around PKR 50,000 to 55,000 per semester, while the Doctor of Pharmacy (Pharm.D) program costs approximately PKR 60,000 to 65,000 per semester. Postgraduate and doctoral programs are available in similar disciplines, with MPhil and PhD fees ranging from PKR 35,000 to 85,000 per semester.

Agriculture University Faisalabad

Agriculture University Faisalabad, founded in 1906, is one of Pakistan's leading agricultural universities. It specializes in agricultural sciences and related fields, offering comprehensive programs at undergraduate, postgraduate, and doctoral levels. The university is renowned for its research, innovation, and contribution to agricultural advancements in Pakistan.

Agriculture University Faisalabad programs offered and fee structure

The Agriculture University Faisalabad, renowned for its agricultural sciences programs, offers undergraduate degrees such as BS Agriculture, BS Food Science, and BS Environmental Science, with fees typically ranging from PKR 25,000 to 70,000 per semester. The university's postgraduate offerings include MS and PhD programs in disciplines like Plant Breeding, Horticulture, and Agricultural Engineering, with fees for these advanced degrees usually higher, between PKR 50,000 and 100,000 per semester. The institution emphasizes research and innovation in agricultural practices, providing state-of-the-art facilities and fieldwork opportunities to enhance practical learning.

Government College University, Faisalabad

Government College University, Faisalabad, established in 1897, is a well-regarded public university offering a wide range of programs in arts, sciences, and commerce. The university emphasizes quality education and research, providing a robust academic environment with numerous opportunities for student involvement and development.

Government College University, Faisalabad programs offered and fee structure

Government College University, Faisalabad, provides a diverse array of programs in arts, sciences, and commerce. Undergraduate programs include BS Computer Science, BS Business Administration, and BS Mathematics, with fees generally ranging from PKR 15,000 to 50,000 per semester. Postgraduate programs such as MPhil and PhD in various fields, including English Literature, Physics, and Chemistry, have fees typically between PKR 30,000 and 70,000 per

semester. The university is known for its strong emphasis on quality education and research, with numerous opportunities for student involvement in academic and extracurricular activities.

University of Gujrat

The University of Gujrat, founded in 2004, is a dynamic institution offering diverse academic programs across multiple disciplines. It aims to provide a balanced education that integrates theoretical knowledge with practical skills, supported by modern facilities and a vibrant campus life. The university focuses on academic excellence and community engagement.

University of Gujrat programs offered and fee structure

The University of Gujrat offers a wide range of programs across multiple disciplines. Undergraduate programs include BS Engineering, BS Computer Science, and BS Social Sciences, with fees ranging from PKR 20,000 to 60,000 per semester. For postgraduate studies, the university offers MS and PhD programs in fields such as Business Administration, Chemistry, and Psychology, with fees typically between PKR 40,000 and 80,000 per semester. The university is committed to providing a balanced education that integrates theoretical knowledge with practical skills, supported by modern facilities and a vibrant campus life.

University of Sialkot

The University of Sialkot, established in 2013, offers a variety of undergraduate and postgraduate programs designed to meet the needs of modern industries. The university emphasizes innovation, research, and entrepreneurship, providing students with ample opportunities for academic and professional growth through projects and collaborations.

University of Sialkot programs offered and fee structure

The University of Sialkot provides a variety of undergraduate and postgraduate programs designed to meet the needs of modern industries. Undergraduate offerings include BS Information Technology, BS Business Administration, and BS English, with fees generally ranging from PKR 20,000 to 50,000 per semester. Postgraduate programs, including MS and PhD degrees in fields such as Computer Science, Management Sciences, and Economics, have fees typically between PKR 45,000 and 75,000 per semester. The university focuses on fostering innovation, research, and entrepreneurship, providing students with ample opportunities to engage in projects and collaborations that enhance their academic and professional growth.
